

## AMERICAN OFFICERS ALREADY AT WORK STUDYING THE FRENCH TRANSPORTATION ORGANIZATION

General Pershing Still Being Formally Welcomed But Subordinates Are Busy.

### TAKE TOUR OF RAILROADS

Education Familiarizes Itself With Centers and Investigates Special Supply Lines to the Front. British Occupy Line of German Trenches.

By Associated Press.  
June 15.—The French academy has received the officers of the American Expeditionary Force with a greeting from the academy and an invitation to attend a public reception on June 20. The American general and his staff were guests of the academy at lunch today at the military club.

While the American general is being loaded with honors in Paris his subordinates are already at work. A delegation, accompanied by a French staff officer, has begun a tour of the railroad centers with the object of familiarizing themselves with the French transportation organization. They will investigate both the principal railroad systems and the special supply lines at the front.

### BRITISH ADVANCE 1,000 YARDS

ON A SEVEN MILE FRONT.  
LONDON, June 15.—The British attack another blow last night on the western front, the war office announced. They gained all their objectives, advancing south and east of Ypres, and crossed the Ypres-Joaze canal.

### GERMANS BUY MUCH

CONDENSED MILK HERE  
WASHINGTON, June 15.—Large quantities of condensed or evaporated milk have been bought recently at retail by German agents and shipped to Germany through neutral ports, the department of commerce was informed today by the Condensed Milk division of the defense council.

### CONDITIONS AT TRAINING

STATION REPORTED GOOD.  
WASHINGTON, June 15.—Admiral Benson, chief of naval operations, after a personal inspection of the Great Lakes Training station at Chicago, has reported that conditions are very good. Complaints have been made that the men were badly cared for.

### FOUR RECRUITS FOR CO. B

NEW CLOTHING ON THE WAY.  
Four recruits were admitted to the ranks of Company B last evening, bringing the number on the company roll up to 139. Those who enlisted at the armory and passed the physical examinations are: Steve A. Smith, Gray's Landing; Joseph H. Eadie, Republic; William G. Austin, Lambert; John R. Shinko, Gray's Landing.

### DR. DOUGLAS LIEUTENANT

IN HOSPITAL SERVICE.  
Dr. E. W. Douglas of Connellsville has been commissioned as a first lieutenant in Field Hospital Unit No. 1.

### AUTO HITS MOTORCYCLE

Miss Margaret Dull's Car Knecks Man From Wheel.  
While turning into West Murphy avenue off North Pittsburgh street yesterday afternoon, Miss Margaret Dull, driving a large touring automobile, struck an out of town man riding a Stanley-Davidson motorcycle. He was thrown from the wheel and the front tire of the motorcycle was punctured. The man, whose name could not be learned, was not seriously hurt, only having his knee scraped. He and a companion who was riding another machine, went to a drug store where the wound was bandaged.

## SCOTSDALE FLAG DAY CELEBRATION IS A BIG SUCCESS

Town Thronged With People to See Big Parade and Attend Patriotic Rally.

### F. B. MCCLAIN IS SPEAKER

Lieutenant Governor Delivers Stirring Address; Elks Arrange Celebration Which Proves to Be Biggest of Its Kind; Details of the Big Day.

Scottdale's Flag Day celebration was a tremendous success. Thousands of people thronged the streets to see the big parade and after seeing it wandered their way to Louisa park where a patriotic program was carried out. The Scottdale Elks, who sponsored the celebration, deserve much credit for the way they handled a really big thing.

### CANVASSING TEAMS FOR THE RED CROSS

Prominent Business Men to Work in Groups of 10 For Relief Society.

Announcement was made this morning of the personnel of the executive committee and the teams for the Red Cross campaign here next week. Kiefer's orchestra has volunteered to play at the first dinner of the workers on Monday night. The executive committee is made up of the following men:

J. E. Angle, Robert Norris, J. A. McCleary, S. R. Goldsmith, John Duggan, Sr., J. L. Evans and E. K. Dick. The teams are:

F. O. Goodwin, captain; A. W. Bishop, K. K. Kramer, J. L. Kurtz, Ray Neville, C. C. Mitchell, Herbert Frieboe, Vincent Soloson, Edward Baer, Burton Boyd.

John T. Wurtz, captain; William Rice, Otto Koehler, Emil Soloson, John Duggan, Jr., J. R. Lollar, Ralph K. Long, J. L. Sluder, Grant Myers, Charles Crowley.

W. L. Lecht, captain; P. R. Wolmar, H. E. Schenck, H. C. Silcox, Dr. J. B. Woods, Daniel Sinclair, James B. Kurtz, E. G. Hall, Peter Mikalarias, A. J. Buttermore.

Harry Dunn, captain; Guy Corrado, H. O. Keagy, Harry Norton, J. M. Gray, C. B. Frank, James S. Darr, B. B. Smith, W. C. Bishop, A. G. Leonard.

A. A. Clark, captain; Henry Rhodes, E. W. Horner, W. W. Smith, W. A. Bishop, Francis Richle, Dr. J. F. C. L. Carpenter, J. C. Munson, Dr. H. C. Hoffman.

M. B. Pryce, captain; T. J. Hooper, A. O. Adrian, J. R. Davidson, John P. Kephart, Ralph Cuthbertson, B. M. Christner, Ross Matthews, J. L. Hyatt, John McCoy.

William Werthelmer, captain; Alfred Kneacker, W. R. Scott, Meyer Aaron, J. Kirk Renner, J. D. Porter, C. A. Wagner, R. C. Beerbover, J. M. Sembover, John P. Truder.

John B. Davis, captain; J. A. McCleary, G. W. Campbell, S. B. Henry, W. D. McGinnis, A. C. Stetzel, W. N. Goldsmith, A. Hager, George Connell, A. B. Kurtz.

A. M. Haines, captain; P. Bufano, A. S. Silcox, A. E. Yannatta, F. A. Kall, W. E. Albrecht, J. H. Henderson, J. T. Johnston, F. T. Reppert, J. E. Kelley, W. L. Wright, captain; Stanley P. Ashe, R. M. Evans, J. M. Young, James J. Driscoll, W. W. Edie, W. R. Kenney, S. B. Doby, F. E. Koelker, William Davidson, Alex Hart, E. G. Moore.

### D. OF A. R. HERE FORMS UNIT OF THE RED CROSS

At a meeting of the Philip Freeman Chapter of the Daughters of American Revolution held yesterday at the home of Mrs. J. A. Lyon in East Crawford avenue a Red Cross unit to be known as the D. A. R. unit was organized. Miss Clara B. Pritchard, regent of the chapter, was elected president; Mrs. Lydia Percy, treasurer and Miss Mary Thomas, secretary. In an effort to raise money for the Connellsville Red Cross the members of the chapter are selling cake recipes. Word has been received by the chapter that Mrs. Mrs. Anthony Wayne Cook of Cooksburg, Pa., state regent of the D. A. R., expects to be present to deliver an address at the dedication of the Colonel Crawford memorial.

The state D. A. R. is equipping ambulances for Red Cross work in France, and the local chapter donated \$25 towards the equipment of one. The meeting was the last one until September and was in the form of a picnic luncheon. The hours were from 1 until 4.30 o'clock. Thirty members and several visitors attended and a most delightful time was had.

A delicious luncheon, consisting of all the delicacies of the season, was served from two large tables, which were decorated with red and white roses and blue iris, forming a color scheme of red, white and blue. The business meeting followed the social gathering. Out of town guests were Mrs. Mary Zimmerman and Miss Nellie Ruppert of Mount Pleasant; Mrs. Harry Griffin of McKeesport; Mrs. R. J. Armer of Houston, Tex.; Mrs. Maude Minor of Birmingham, Ala.

Passenger Agent Here, Edward Emery, Baltimore & Ohio traveling passenger agent with headquarters in Baltimore, was in town today on business.

## GIVE, IF YOU CANNOT FIGHT, LIEUTENANT GOVERNOR TELLS GREAT CROWD AT SCOTSDALE

Following are some excerpts from Lieutenant Governor Frank B. McClain's stirring speech at the Scottdale Flag Day celebration yesterday.

It was a gratifying yet an inspiring sight, to see in the marching lines today, side by side, fraternal and militant organizations of every creed. Such a sight furnishes irrefutable evidence that in this country of Westerners and in this good town of Scottdale, no matter at what shrine its citizens worship, at what altar they kneel, no matter what their social station or rank in the possession of worldly goods when "The Call to Colors" is sounded, they become children of one household, members of one fraternity united in the service of a noble cause with one common destiny, under one flag.

I agree that flag-waving and cheerfulness are not the only efficient expressions of patriotism. I agree that an important trench, I agree that the duty of the citizen is to be a citizen and that the needs of the hour are deeds, rather than declamation. But for all that, there is one human emotion that will not be out of place in a patriotic expression, the emotion of love of country, the emotion of patriotism, the expression of a love which every citizen should have for his country.

When battle calls, every citizen must either go or give. Some of us are uncommitted for active service but none of us can afford to be uncommitted. We must play a part, and pay a part. Our country bids us offer life, labor and money for its defense. If we can't stand in the front line, let's be in the rear. There is a task for our brains and our hands and our hearts to do for us to do our bit, and the man who

### COUNTRY OVERSUBSCRIBES LIBERTY LOAN; CITY BUYS OVER \$400,000 OF BONDS

Some Banks Selling Part of Own Subscriptions to Late Applicants.

Connellsville's subscription to the Liberty loan is well over \$400,000. The sale was officially closed here at 3 o'clock yesterday afternoon, but people were still making applications for bonds this morning, and several of the banks are attempting to rush these last minute subscriptions through, giving no assurance to the subscribers that they will be accepted.

At the Second National, the bonds sold totaled \$126,850 last evening. This subscription was sent off to the Federal Reserve bank at Cleveland. The small subscriptions which came this morning followed it, the bank having agreed to accept further subscriptions. In addition to this sum, the Second National took \$25,000 worth of temporary certificates, which it sold to banks about six weeks ago by the government.

At the First National, the total subscriptions were estimated at \$151,000, this including the sum subscribed by the bank for temporary certificates, about \$25,000. The temporary certificate sale is not considered in making up the roll of honor of banks having subscriptions totaling 10 per cent of their deposits. The exact amount of the bond sale at the First National could not be ascertained.

The Citizens' National refused subscriptions this morning, after sending off a total of \$77,100 last night. Half a dozen people wanted to make application this morning at the bank but were told they had come too late. Subscriptions of \$2,500 were received at the Citizens' yesterday.

The total at the Title & Trust company was \$11,500. Of this the bank took a certain amount, and will sell bonds to late subscribers. The total at the Trough Trust was not affected yesterday, remaining at \$40,000. Late subscribers are being accommodated from the bank's own supply of bonds. The Colonial National sent off its \$15,000 some days ago, and the Union National took the same amount.

The sale yesterday was immense, as far as number of subscribers goes, and the banks were fairly swamped with subscriptions to the loan. The subscriptions were all small, however, most of them being in the \$50 and \$100 denominations and the total did not amount so high as had been expected.

## FIREWORKS DISPLAY JULY 4 TO FINANCE NAVY LEAGUE WORK

Pyrotechnics of a Patriotic Character Will be Shown at Fayette Field; Other Plans.

Keeping pace with the demand for speed and efficiency in the present crisis, the Navy League last night got into action and formulated many plans which promise to end in great success for this organization. Dr. W. J. Bailey presided at the meeting, which was very well attended.

Plans for securing recruits for the Navy were laid and Chairman S. P. Ashe of this committee hopes to secure quite a number of young men from this city and the surrounding towns for this very important part of our national defense. It plans to make a special campaign and acquaint young men of the advantages of the navy, also informing them that they may enlist any time now before the draft is made from the number who registered on June 5. It was found that quite a large number would prefer service upon the seas rather than on the firing lines but many are of the opinion that enlistment in the navy was not permissible since they registered.

A person who registered it able to pass the examination required by the Navy Department may enlist at any time before the draft is made. Chairman Ashe will explain in detail to any young man who may feel that the Navy is his choice. Booklets may also be procured which will give much valuable information.

A large number of membership cards were turned in and at present the membership totals quite near the 200 mark. No special effort has yet been made to secure new members, much of the time having been taken up since the organization of the branch in working out the many details necessary for a successful league. A special campaign is to be started within the next week or two.

The question of raising funds for the purchase of yards for the Committee of the League was discussed at length and it was finally decided to put on a patriotic pyrotechnic display at Fayette Field on the night of July 4. This is not to be construed as an ordinary display of fireworks. On the contrary, it is entirely of a different nature, consisting of a sea battle between a large battleship and a German submarine, a naval engagement and almost every conceivable patriotic design worked out in vari-colored fire. Nothing of the kind has ever been seen in the smaller towns and seldom a display of this magnitude is ever put on in the larger cities. The league hopes to secure sufficient funds from this entertainment to materially assist the Committee in the great work it is doing for the boys on Uncle Sam's fighting machines.

The league discussed the opinion that some people have that the Navy League is in opposition to the good work of the Red Cross Society. This idea is far from being correct. In many towns at this time both societies are working together, such being the case in the city of Pittsburgh where great quantities of comforts and stores for the men of the Navy are being turned out every day. The co-operation of hundreds of men and women affiliated with the Red Cross has been spontaneous and valuable. Both societies are working for the common good of our country, the Navy League and Comforts committee furnishing necessary supplies for the men who must endure the cold of the frozen seas during the long winter months that our fleet will likely be stationed in foreign waters. The Comforts committee has already pledged itself to provide 500 sets of comfort garments for Uncle Sam's bluejackets.

The next meeting of the league will be held in the council chamber on Thursday evening, July 20, at 7.30. Men of the neighborhood will be invited to attend and enroll as members. A name for the league was suggested last night but it was thought best to postpone this decision until next Thursday when it is hoped that the full membership will find it convenient to attend.

President Harry Dunn, R. A. Neville, M. B. Pryce and S. P. Ashe were named as a committee to arrange for the Fourth of July entertainment.

### FLOTO COLLECTOR

Three Per Cent Commission Granted on School Taxes.

E. R. Floto was chosen school tax collector for the year 1917-1918 by school board last night at a special session. Mr. Floto was chosen with provision that he submit a satisfactory bond to the finance committee. Mr. Floto will get a commission of three per cent. He has been tax collector for the school board for the last three years.

A list of furniture for the new high school building and for all the other buildings was accepted by the board and the secretary was directed to advertise that bids would be received.

The opening of school next fall was set for Monday, September 17. This is the second Monday in the month, the usual time for opening. The accident at the new high school yesterday afternoon is not expected to delay the completion of the building, and the consequent re-opening of school.

All directors were present with the exception of R. K. Long and W. W. Smith.

## COMMENCEMENT WEEK COMES TO AN END TONIGHT

Graduation Exercises of 1917 Class in Colonial Theatre to Begin at 8.30.

### CLASS SUPPER IS FINE

Sophomores Serve About 250 Persons in Presbyterian Church Banquet Hall; Many Interesting Features Make Affair Unusually Successful.

Commencement week comes to a close tonight with the graduation exercises of the class of 1917 at the Colonial Theatre. The program that will conclude with the presentation of diplomas to 80 young men and women will start promptly at 8.30 o'clock.

The address will be delivered by Dr. W. G. Cline, president of Oberlin. The three honor pupils, Pauline Phillips, Donald Higbee and Helen Hildebrand, are the only members of the class on the program.

To avoid confusion, the announcement is made that the side door will not be opened until 8 o'clock, at which time holders of tickets may enter the theatre. The front door will be opened to the general public at 8.15. The exercises begin at 8.30. On the night of the class day exercises, ticket holders appeared at the theatre as early as 7 o'clock, thinking they would be admitted at that time, and were forced to wait an hour or more before the doors were opened.

The annual supper given last evening by the Sophomore class of the high school to the Senior class was without doubt the most successful of all the suppers held since this delightful feature of the commencement week was inaugurated five years ago. The excellent menu served, the abundance of school spirit exhibited, the attractive decorations in the Senior colors, orange and violet, the interesting after dinner speeches, and the roominess of the big social parlor of the First Presbyterian church, where the supper was served, were all features which contributed toward the success of the affair.

Fully 250 people were served by the Junior boys and girls. The affair was in charge of four members of the faculty, Miss Jennie Weaver, Miss Helen Humphries, Miss Sallie McEwan and Miss Anna Reynolds.

Principal Bela B. Smith of the high school acted as toastmaster. William Lyon, president of the Sophomore class, delivered the welcome to the Seniors, and Fred Manietta, president of the Senior class, responded, later in the evening. Phoebe Christner conveyed the greetings of the Freshman class, and Edwin Keagy did the same for the Junior class, of which he is president. Miss Anna Reynolds spoke for the "feminine side of the faculty," but H. M. Spinger, who was on the list to represent "the other side," failed to appear. Superintendent of Schools Stanley P. Smith who was talking on "Our New High School" was also unable to be present. Miss Margaret Whiteman, librarian of the Carnegie Free Library, explained how high school boys and girls might best serve their country at this time by continuing along the same lines with their education. Rev. J. L. Plouffe spoke along the same lines, declaring that the great danger now was that the next generation should be governed and led by uneducated people. Mr. Smith emphasized this message, telling how the colleges had been depleted by the enlistment of students, and how their only hope was for large entering classes this fall. Howard Taylor of The Courier, expressed his appreciation at being present. A letter from Solon J. Fegley, former member of the faculty, was read.

W. H. Seawright, who leaves the local faculty after five years' work here, was called upon and received the accolade of the evening when he responded. After that there were cheers for everybody, and the singing of "The Orange and the Black" and "The Star Spangled Banner" brought the evening to a close. After Mr. Smith's name on the program was the quotation, "Let Smith be the Judge," and the principal declared that his verdict was that everything was fine. That was the verdict of everyone present.

Music was furnished throughout the evening by the high school orchestra, consisting of Helen Adams, Edgar Watson, Doris Cunningham, George Rudolph, Paul Behanna, Horace Atkins and George Hazen.

The officers of the Sophomore class who worked so hard to make the affair a success are: William Lyon, president; Louise Rankin, vice president; James Strawn, secretary; Earl Wabhart, treasurer.

# SOCIAL and PERSONAL

Miss Katharine Friebe and Miss Anne White were out of town guests at a bridge luncheon given Wednesday afternoon at the Greenburg Country Club by Mrs. J. Rappe Myers in honor of Miss J. Rappe Myers, Jr., of Salem, Va. The guests were Miss Elizabeth Boncom and Miss Nell Noll. Miss Friebe and Miss White who were the guests of Mrs. Myers for several days, returned home last night.

The regular meeting of the Ladies Aid society of the First Baptist church will be held this evening at the home of Mrs. H. C. Humbert in 116 West Fayette street.

Covers for nine were laid at a dinner given by Mr. and Mrs. J. C. Hamilton at their home in Uniontown. Following the dinner talks were given by the guests who were Dr. J. M. Thiburn, Jr., Dr. A. E. Crow, T. S. Luckey, S. W. Metzler, W. R. Sharps, Louis Watson, G. P. McElhenny and L. M. Cotton. Mr. Essington is employed at the Wright-Metzler company store.

Patriotic appointments were pretty common out at a very enjoyable meeting of the West Side Needleworkers at which Mrs. Arthur Nunom was hostess last evening at her home in North street, Greenwood. Sixteen ladies were present and a most enjoyable evening was spent at fancywork. Delicious refreshments were served and small silk flags were given as favors. Larger flags were effectively used in decorating. The next meeting will be held Thursday evening, June 28, at the home of Mrs. Cora Kiech at Pennsville.

Mrs. Mary Ought of Uniontown and Chester Johnson of Vanderbilt were married yesterday at the East End Christian church, Pittsburg, by Rev. John Ray Ewins. Mr. and Mrs. R. S. Brashear of South Pittsburg street witnessed the ceremony. Mr. and Mrs. Johnson left for a wedding trip to Cleveland, O. On their return they will be at home at Vanderbilt. The bride formerly resided in Conneltsville and has a wide circle of friends here. For some time past she was superintendent of the county tuberculosis home.

In honor of her ninth birthday Sarah Jane Robinson, daughter of Mr. and Mrs. P. T. Robinson, delightfully entertained nine of her little girl friends yesterday afternoon at her home in South Pittsburg street. The hours were from 4 to 6 o'clock. Attractive patriotic appointments, with flags forming the decorations prevailed. Following the amusement a delicious luncheon was served. The table was centered with a birthday cake with nine candles indicating the age of the guest of honor. In remembrance of the happy occasion little Mrs. Sara Jane was presented with a number of delightful gifts. The guests were Mr. and Mrs. John Adams, Helen Adams, Ellen Gray, Agnes Wallace, Anna and Mary Gray, Eleanor Brill and Katherine Durnell.

All members but two attended the regular meeting of the Conneltsville Fancypark club held last evening at the home of Mrs. C. D. Williams in Eighth street, Greenwood. The evening was pleasantly spent at fancywork. Dainty refreshments were served. Mrs. B. J. Ensey will entertain the club Thursday evening, June 28, at her home in Eighth street, Greenwood.

The annual rose meeting of the Woman's Missionary Society of the Trinity Lutheran church was held last evening at the home of Mrs. L. U. Hetzel in Prospect street with many members in attendance. The various rooms were decorated with profusions of fragrant roses. Mrs. L. U. Hetzel conducted a Bible reading. The lesson for study was "The Students' Volunteer Movement." Mrs. H. C. Hoffman read a very interesting paper, Mrs. William Vessel of Bloomington, Ill., formerly of Conneltsville, became a life member. A social meeting was held and refreshments were served.

The Onward Class of the Methodist Protestant Sunday school will meet tonight at the home of Mrs. Sparks at Poplar Grove.

The local court of the Daughters of Lebeche had an invitation from the Braddeck court in initiation exercises to be held Sunday afternoon at 1:30 o'clock.

**PERSONAL.**  
Mrs. J. H. Bittner who has been visiting her son-in-law and daughter, Mr. and Mrs. R. Osborne of Pataskala, O., returned home last night. Mrs. W. H. Johnson and Misses Harriet and Mary Johnson of Rockwood, have returned home after a visit with relatives and friends here. John Rogers of Rogers Mill was in town today on business. S. W. Metzler was here from Uniontown today on business. Misses Gertrude Dizon and Catherine Tormay are visiting the latter.

**POST TOASTIES**  
ALWAYS TOUCH THE SPOT—EVEN WHEN YOU'RE NOT HUNGRY

**Your Wife's "Allowance"** may not expand to meet the increasing cost of foods, but it will buy a sufficient quantity of **Shredded Wheat** to nourish every member of the family. **Two Shredded Wheat Biscuits** with milk make a good, nourishing breakfast at a cost of a few cents. All the body-building material in the whole wheat grain. For breakfast or dinner with berries, or other fruits.

Made at Niagara Falls, N. Y.

Miss Edward Miller of Stanington, W. Va., Miss Harriet Dunn is home from Allegheny college at Mendocino for the summer vacation.

Misses Jennie Leech and Sarah Everett are spending the day in Pittsburg. The largest exclusive shoe store in Conneltsville and still growing, Why? U-No. Brownell Shoe Company—Adv.

Miss Mary Gans and Miss Emma Katherine Kurtz arrived home Wednesday night from State college, from which college Miss Gans was graduated this year. Mrs. J. L. Gans, mother of Miss Gans, who witnessed the commencement exercises, accompanied them.

Mrs. W. C. Beachley and two children of Brownsville have returned home after a visit at the home of the former's parents, Mr. and Mrs. J. H. Bittner, in South Arch street. Misses Ida and Blanche Bittner of Rockwood, are guests at the home of Mrs. Carrie Bittner in Race street. Mrs. A. H. Bittner who accompanied them here to witness the commencement exercises, has returned home.

For the best and cheapest repairs on that roof, conductor or spouting, see F. T. Evans—Adv.

Mrs. Mary Williams and son-in-law, G. W. Gordon, of Scottsdale, who left for San Diego, Cal., to visit Mr. and Mrs. J. T. Hays, arrived safely and had a very delightful trip, according to word received here from Mrs. Williams, who formerly resided in Conneltsville.

Mrs. A. E. Morgan of South Prospect street was called to Mount Pleasant by the illness of her sister, Mrs. John Noss.

Mrs. H. C. Hays and daughter, Betty Jane, went to Pittsburg this morning.

Mrs. P. H. Connell of St. Augustine, Fla., who has been the guest of Mr. and Mrs. James Connell of Eighth street, Greenwood, went to Pittsburg this morning to visit friends before returning to her home. Mrs. James Connell accompanied her and will return home this evening.

Miss Viletta Michael, a student at Ohio Wesleyan college, arrived home Wednesday to spend the summer vacation with her parents, Mr. and Mrs. L. S. Michael of Greenwood.

Miss Phoebe Ulan of Pittsburg, Mass., is the guest of Mrs. L. S. Michael of Greenwood.

W. F. Seleson was in Pittsburg today on business.

Miss Ethel Palmer of Dawson, went to Perryopolis this afternoon to attend the Chautauqua. She will be the guest of Mr. and Mrs. J. Buel Snyder. Mrs. Maxwell Rush of Ohio, who is the condition of Mrs. Sarah E. Munson who is seriously ill at her home in Gibson avenue is about the same.

**PLAN TICKET HUNT**  
Fifteen Chautauqua tickets are to be given away here in a ticket hunt for children, staged by the Redpath bureau, on Saturday night. All children between the ages of six and 15 years will meet at 8 o'clock at the postoffice for instruction.

L. L. Winegarner, superintendent of Conneltsville's Chautauqua, will arrive here this evening, and the members of the crew with their big tent, will arrive tomorrow morning. The site for the Chautauqua is the same as last year, on the lot adjoining the Colonial theatre on South Pittsburg street. Auto pennants and flags are being distributed by E. C. Moore at Wright-Metzler's store. He is also handling the early ticket sale.

**Held for Court.**  
Jack Jackson and Joe Watkins, both colored, were committed to jail last night by Alderman Fred Mink on charges of larceny from the person preferred by Charles Jones, colored. Jones alleges that Jackson and Watkins pilfered his pockets of \$6 at the carnival grounds. Watkins has been held for several days in the lockup. Jackson was caught last night by Constable S. A. Passon.

**To Hold Festival Indign.**  
On account of the unfavorable weather the community festival to be held tonight by the Red Cross Chapter of Dunbar will be held in the basement of the Methodist Protestant church instead of on the demon lot as previously planned.

## ANGELO, ARRAIGNED ON MURDER CHARGE, PLEADS NOT GUILTY

Commonwealth, However, Will Likely Ask For Conviction in First Degree.

Special to The Courier.  
UNIONTOWN, June 15.—Antonio Baldassari, alias Frank Angelo, an Italian, was arraigned to criminal court this forenoon before Judge J. Q. Van Swearingen for the alleged murder of Giuseppe Folliott, at Chont Haven on Sunday, June 2. Angelo, as he is known in the vicinity of Chont Haven, is alleged to have shot Folliott following an argument. He was indicted by the grand jury last week before the inquest was held. The coroner's jury also held Angelo for the crime.

The accused Italian pleaded not guilty when arraigned by Deputy Clerk of Courts Darrell W. Smiley, and the selection of a jury was begun. Angelo was represented by Attorney Edward D. Brown and N. W. Rosenberg, District Attorney S. John Morrow is conducting the trial for the commonwealth.

It was evident when the challenging of the jury was begun that the commonwealth will ask for the conviction on Angelo of first degree murder. The venemous examination were closely closely questioned by District Attorney Morrow as to whether they entertained conscientious scruples against capital punishment.

A special venire of 40 was called at 1 o'clock.

## W. P. CLARK 73

Birthday of Commander of U. S. A. R. Past Yesterday; Party Today.

W. P. Clark, commander of the William F. Kurtz Post, No. 104, G. A. R., was 73 years old yesterday and his comrades of the post will visit him at his home this afternoon to help celebrate the anniversary. The birthday party would ordinarily have been held yesterday, but because of the desire of several of the veterans to go to Scottsdale for the Flag Day exercises, it was postponed. The members of the post who went to Scottsdale, taking part in the parade there, were: W. P. Clark, J. J. Barnhart, Henry Kurtz, Charles Whitely, A. S. Haddock, W. H. Shaw, A. R. Buehner. They rode in automobiles with the Scottsdale G. A. R. members over the line of march.

## Convention Date Changed.

The date for the annual convention of the Fayette County Sunday School association to be held in Uniontown, have been changed from August 28 and 29 to August 30 and 31. The program is being mapped out now. Prof. L. A. Weigle of Yale University and Mr. Day of Syracuse, N. Y., are among the leading speakers.

## Old Fellows Memorial.

Every member of General Worth Lodge is wanted at the Christian Church, June 17th, at 7:30 P. M., where Old Fellows Memorial will be observed with appropriate exercises. Don't fail to come. Bring a friend. Meet in the hall at 7 P. M. wearing Memorial Badges. Committee—Adv. 15-16.

## Granted a Divorce.

Sarah Rittenour of 105 Franklin avenue was granted a divorce yesterday from Ruth P. Rittenour. They were married February 1, 1902, in Springfield township, and separated April 15, 1911. Cruel and barbarous treatment was alleged. Attorney F. E. Younkkin represented Mrs. Rittenour.

**Daughter at Snyder Home.**  
Mr. and Mrs. Robert Snyder, of York avenue are receiving congratulations upon the birth of a daughter, Florence Gertrude Snyder, Monday. It is the first daughter in the family. The other child is a boy.

**Licensed to Wed.**  
Charles Wesley Burnworth and Edna Scarlett of Ohio, Joseph Jackson and Pearl Hawk of Stewart, were granted licenses to wed in Cumberland yesterday.

**Florence Social.**  
The ladies of Florence are holding a social in the Florence auditorium, for the benefit of the First Aid team, Saturday evening, June 16. All are invited.—Adv.—14-15.

**PLAN TICKET HUNT**  
Fifteen Chautauqua tickets are to be given away here in a ticket hunt for children, staged by the Redpath bureau, on Saturday night. All children between the ages of six and 15 years will meet at 8 o'clock at the postoffice for instruction.

L. L. Winegarner, superintendent of Conneltsville's Chautauqua, will arrive here this evening, and the members of the crew with their big tent, will arrive tomorrow morning. The site for the Chautauqua is the same as last year, on the lot adjoining the Colonial theatre on South Pittsburg street. Auto pennants and flags are being distributed by E. C. Moore at Wright-Metzler's store. He is also handling the early ticket sale.

**Everybody Likes Coconut Cup Custard**  
1/2 cupful of Baker's Fresh Grated Coconut; 1/2 cupful of milk; 1 cupful of sugar; 2 eggs; 1/2 cupful of butter; 1 level teaspoonful of salt.  
Mix all well together; pour into four buttered custard-cups. Put in pan of water in moderate oven and bake until firm.  
12c at Your Grocer's

**BAKER'S Fresh Grated Coconut in the Original Milk**  
In Cans, Not in Paper Packages NOT a Dried Coconut

Baker's Fresh Grated Coconut is the ready-grated meat of fine, sound coconuts prepared for instant use. It is not a dry, tasteless coconut—the original milk in which it is packed preserves both the freshness and rich nutty flavor.

## COUNTRY OVERSUBSCRIBES LIBERTY BONDS

Continued from Page One.  
that the loan would be oversubscribed by \$40,000,000.

**LIBERTY LOAN MAY BE OVERSUBSCRIBED BY BILLION**  
WASHINGTON, June 15.—The Liberty loan has been tremendously oversubscribed. When the books closed at noon, officials estimated that the total would reach at least \$2,500,000,000 and might go to \$3,000,000,000.

Every Federal reserve district with the possible exceptions of Atlanta and Kansas City, appeared to have exceeded the minimum allotment. The reports of these two were slow in coming in. With banks to be heard from in the two districts, however, it seems likely that the minimum allotment would be reached in each case. Secretary McAdoo announced the oversubscription of the loan in the following statement:

"The Liberty loan has been oversubscribed. It is impossible to state the amount of the oversubscription at the moment but the exact figures will be given out as rapidly as received."

**LIBERTY BONDS SELL AT PAR IN STOCK EXCHANGE.**  
NEW YORK, June 15.—The initial transaction in Liberty Loan bonds, trading in which began on the New York Stock exchange at noon today, was above par. A lot of \$10,000 sold at par and 1-10. The next lot, \$250,000, sold at par.

**NEW ENGLAND REXING CLOSE TO THE ALLOTMENT**  
BOSTON, June 15.—New England subscriptions to the Liberty loan as tabulated up to 10 o'clock this morning showed a total of \$235,300,000. Its allotment is \$240,000,000.

**CLEVELAND DISTRICT ALSO WILL BE OVERSUBSCRIBED**  
CLEVELAND, June 15.—Cleveland Liberty loan subscriptions today reached \$56,000,000. Campaign managers estimate the total will exceed \$67,000,000 by noon. Cleveland has exceeded her original quota of \$36,000,000 by fifty percent and the maximum quota of \$45,000,000 by 25 percent.

After working all night on the subscriptions officials said that the maximum allotment of \$235,000,000 for the district would be oversubscribed.

**CHILD INJURED**  
June Withner, Well Known Here, Run Down By Automobile.  
June Withner, the seven year old daughter of Mr. and Mrs. Thomas Withner of East End, Pittsburg, and a relative of Mrs. J. C. Lytle of East Pittsburg avenue, was run down and seriously injured yesterday afternoon in Greensburg by an automobile driven by J. L. Hollis of Hannastown. She is suffering with a cut on the right temple and her skull may be fractured.

The child was picked up and taken to the home of her uncle and aunt, Dr. and Mrs. I. M. Portner in Greensburg, and was given medical attention. Hollis was placed under arrest on a charge of aggravated assault and battery and was later released on \$500 bail.

Little June has been visiting at the home of her grandparents, Mr. and Mrs. O. C. Carver in Greensburg, and had spent the afternoon with her uncle and aunt, Dr. and Mrs. Portner. She has frequently visited at the Lytle home, her mother being a niece of Mrs. Lytle.

## THE GRIM REAPER

**ALLEN HYATT.**  
Allen Hyatt, 75 years old, a veteran of the Civil War, health officer in Conneltsville for 12 years and at the time of his death serving in a similar capacity in Conneltsville, Bullsikin and Upper Tyrone townships, died last night at the home of his son-in-law, W. B. Green, off Isabella road, following a lingering illness. Mr. Hyatt had been in poor health since the death of his wife, which occurred November 11 last. He had been confined to his bed for nearly two weeks. Arterio sclerosis was the cause of his death. Funeral from the Green residence tomorrow afternoon at 2 o'clock with Rev. Wilbur Nelson, pastor of the First Baptist church, officiating. Interment in Hill Grove cemetery.

Mr. Hyatt was born in Turkeyfoot township, about three or more miles from Conneltsville, a son of the late Jesse and Elizabeth Colburn Hyatt, who at their time were among the best known residents of that community. He learned the carpenter trade which he followed during the earlier part of his life. December 31, 1865, he was married in Turkeyfoot township to Miss Louise Colburn, and to the union seven children were born, three surviving as follows: Mrs. Harry Marietta, Mrs. W. B. Green and Miss Edith Hyatt, all of Conneltsville. One sister, Mrs. Sarah Kregor of Fulton county and six grandchildren and two great grandchildren also survive. Mr. Hyatt had been a resident of Conneltsville for 10 years and was widely and favorably known. He was a member of the 85th Pennsylvania Regiment. Mr. Hyatt was a brother of Andrew Jackson Hyatt who died May 18, at the home of his son-in-law, Omer T. Trump, in Isabella road.

**KELL LONG.**  
One of the largest funerals in Conneltsville in recent years was that of Kell Long held yesterday afternoon at 2:30 o'clock from the family residence in South First street, West Side. Many relatives and friends of the deceased from Conneltsville and vicinity and more distant points attended. Impressive services were conducted by Rev. W. J. Everhart pastor of the United Presbyterian church, of which Mr. Long was a charter member, assisted by Rev. J. L. Froudt, pastor of the First Presbyterian church and Rev. Clark C. Buckner, pastor of the Christian church. Mrs. Margaret Davies New corner, sang, accompanied by John Kiferle, violinist. The floral tribute were many and very beautiful. Dr. G. W. Gallagher, Dr. J. French Kerr A. C. Sherrard, T. Scott Dunn, W. H. Kilpatrick and Eugene T. Norton served as pallbearers. Private interment in Hill Grove cemetery. As a tribute of respect the Union National bank, of which Mr. Long was president and director since its organization, closed at 1:30 o'clock. Among the out of town persons present at the funeral were Judge J. C. Worl of Uniontown, Rev. and Mrs. S. McBane of Monongahela; Rev. Howard S. Wilson and Warren Wilson of York, Pa.; Joseph Long and Mrs. Elizabeth Allen of Cadex, O.

**NRS. FRANK SHOWALTER.**  
Mrs. Frank Showalter, a well known resident of Dawson, died yesterday morning at the Mercy hospital, Pittsburg, following a serious operation. She was admitted to the hospital a week ago today. The body accompanied by Funeral Director W. H. Parkhill of Dawson, arrived in Dawson last night and was removed to the Showalter home. Funeral tomorrow afternoon at 2:30 o'clock from the Cochran Memorial Methodist church at Dawson, of which Mrs. Showalter was a member. Rev. H. A. Baum, the pastor, will officiate. Interment in Dickerson Run Union cemetery. Mrs. Showalter was a daughter of Jacob Baumbarger, deceased, of West Virginia, and Mrs. Baumbarger. Her husband, who is a Pittsburg & Lake Erie engineer, and her mother, survive.

**JOHN H. ROWAN.**  
Rev. G. L. C. Richardson, pastor of the First Methodist Episcopal church officiated at the funeral of John H. Rowan held yesterday afternoon at 2 o'clock from the residence of his sister, Mrs. Thomas Capel in Ninth street, Greenwood. Interment in Hill Grove cemetery.

**Hunting Bargains?**  
If so, read our advertising columns.

**BELL-ANS**  
Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

**Pickpocket Nabbed.**  
Charles Dale, colored, who, it is alleged, was working in the crowd on West Crawford avenue, near the carnival grounds, as a pickpocket, was sentenced to two days' street work after a police court hearing this morning. Dale was seen extracting four \$1 bills from a man's pocket. A white man working in conjunction with him escaped the police.

### At the Theatres

#### THE PARAMOUNT.

"THE GIRL AT HOME"—A new part Paramount production starring Vivian Martin, the dainty little actress, and Jack Pickford, in today's feature attraction. "The Girl at Home" is a typical boy and girl story. It retells the older persons in the audience of experiences in their own youthful career and brings surprising revelations to many of the younger generation. No two stars in the country are better equipped to appear in photodramas of this nature than the young couple whose names are seen at the head of the program. The story has to do with

Jean Hilton, the wealthy ward of Squire Padgate, who lives with the mother of Jimmie Dexter. The boy and girl are in love and Jimmie is preparing for college when his mother learns that her small income has been wiped out. Jean is permitted to defray Jimmie's expenses without his knowledge. Jimmie falls in with a set of older boys and becomes infatuated with Diana Parish, a captured singer. Diana, thinking he is wealthy, pays considerable attention to him. Jimmie gives Diana a check which she raises from \$35 to \$350. Tomorrow Dorothy Dalton will be seen in Wild Winship's Widow, a five part Triangle production. The program also includes a two reel Keystone comedy. Monday, Emmy Wehlen will be starred in "Sowers and Reapers," a five act Metro Wonderplay. Tuesday, the charming

Marie Doro will be presented in "Heart's Desire," a five part Famous Players-Paramount picture giving a quaint portrayal of life on the little island of St. Anne off the coast of France.

#### ARCADE THEATRE.

"A DAY AT SARATOGA"—Is the offering of the the Camping Girl's Musical Comedy company, at the Arcade Theatre today and tomorrow. It is a musical show with that big singing and dancing chorus and catchy music. Frank Tunney, Connellsville's favorite Jewish comedian is featured along with Murray Bernard, who is one of the best singing comedians ever appearing in this city. This company has been more than pleasing immense audiences at each performance. The ensemble numbers of the

chorus are far above the usual run of light musical comedies.

As an added attraction for the last two days of the week, the management has secured the Great Romo.

### Infants—Mothers Horlick's The Original Malted Milk

Upbuilds and sustains the body No Cooking or Milk required. Used for 1/3 of a Century. Substitutes Cost YOU Same Price.

the tricky trickster, in comedy, who is billed as the "premier promoter of laughs," including his wonderful funny duck. The Great Romo has just completed a tour of the world. Next week brings to the Arcade Lewis, Virginia Beaudette, in three complete changes of bills, a musical show that has created more laughs than any musical show that has appeared in this city.

#### OPHEUM THEATRE.

"WIDOW WIFE"—A five reel Mutual drama featuring the attractive young star, Gail Kane, will be shown today. Every girl thinking of marrying should take her parents to see this picture which is a great warning, inculcates a lesson that American fathers and mothers have not taken sufficiently to heart. A Billy

West comedy will be shown today and tomorrow. Tomorrow the famous young actress, Claire Whitney, appears in the five reel drama, "The Burglar and the Lady." Coming, Virginia Pearson, in "Royal Romance," a five reel William Fox drama.

Perfect womanhood depends on good health. Nature's rarest gift of figure and beauty is desired by every girl. Hollister's Rocky Mountain Tea clears the complexion, reddens the lips, brightens the eyes. Pills out the bowels. Start tonight. 35c. Tea or Tablets. Connellsville Drug Co., Adv.

## WHY THE LOAN SUCCEEDED.

Generally speaking the success of the Liberty Loan is due to many causes but possibly to none more than the magnificent spirit of patriotism and cooperation displayed by the various agencies which got behind the campaign as it progressed. Among these agencies the employers of labor, backed by the efficient team work of their employees, with the assistance of the banks and the newspapers, constituted a force which gave irresistible momentum to the campaign.

Early identifying themselves as helpers of the loan the employers of labor, both large and small, set an example by making large contributions. Their employees quickly imbibed with the spirit of the game and gave their ready assent to the plan through which they too could join in swelling the list of buyers.

In this respect Conneltsville and the coke region has a record no less enviable than that of many other sections of the country. Manufacturers and owners of enterprises, including coke and coal companies, department stores and others took a very active personal interest in the inauguration of bond-buying among their employees. The latter responded promptly, eagerly and cheerfully, each in turn stimulating others to action.

Taking the country as a whole one result of this method of increasing the bond subscriptions has been to swell the total to many millions, perhaps a billion, over the amount required. The big result, aside from insuring the success of the loan, a result that will extend its benefits far into the future, is the larger development of the team-work spirit. Next to the patriotism which has been inspired by the joint efforts of employers and employees, the recognition by both of the mutual advantage to be derived from working in concert and for a common purpose, is one of the permanently useful lessons of the campaign. It was also one of the reasons for its striking success.

The importance of the part played by the newspapers in giving the widest publicity to every phase of the campaign and making urgent appeals to their readers to stand behind the boys who will stand between our country and a ruthless invader, like the great power of team-work between the employers and employees, cannot be measured except in the large terms of the results achieved. It is not possible, however, to enumerate and weigh the value of all the influences that contributed to the result. In a large sense it was because the people entered into the work with the will and determination to win. That is the way we will win the war.

## MAKING HEADWAY.

That the Wilder Aluminum Coating company has decided to remain in Conneltsville in preference to accepting one of several flattering offers to remove the industry elsewhere, is highly creditable to the ownership and management of that concern. Equally creditable is the public-spiritedness shown by those citizens whose action has made it possible for this community to retain this enterprise.

In the fortunate solution of the problem which arose from the destruction of the company's plant by fire, there has been evidenced in a marked degree that spirit which is moving Conneltsville toward a new era of prosperity and importance. It has become to be more generally recognized as a necessity that to go forward we must move together. The determination to join hand in hand for the benefit of all is happily giving place to a broader understanding of our city's industrial needs and a quicker and more cheerful response is being made to the calls for united effort.

In this change and development there is a most hopeful and encouraging sign. We are yet far from that whole-hearted and universal cooperation among interests and citizens through which the largest good may be accomplished. There are yet those who hold aloof from putting their shoulders to the wheel. They are evincing a more willing disposition, however, and are beginning to realize that they too are needed among the workers, and that they in turn need the stimulus of being actively engaged with others who have always been ready to lend a hand or to open the purse to boost the cause of making Conneltsville a better and busier place in which to live and do business.

The Wilder plant is not a large concern, as industrial enterprises are now rated, but it has great possibilities for growth and has long been associated with the name of our city. That it is to remain one of our industries is quite as important as would be the securing of a new plant. Its retention will make it easier for us to add still other industries, it having been shown that we are alive to the opportunities which come to us and are able to take advantage of them.

Holding fast to what we have is one form of making headway.

The "Yokohama Mail" made a hit.

## Will the Submarine Win the War?

By C. W. Gilbert in New York Tribune.

WASHINGTON, D. C., June 14.—The people of this country have no idea how near they are to losing the war.

Besides threatening to starve England, the German submarine aims to gain control of the seas by attacking the fuel supplies of the Allied navies. Fuel is to a navy what food is to a people. Every time Germany sinks an oil tanker she strikes a blow as serious as when she sinks a food ship.

The Allied navies are living from hand to mouth so far as fuel oil supplies are concerned. The French and Italian navies are practically tied up in their ports for lack of fuel. No more naval activity is indulged in than is absolutely necessary. The United States has no bigger and more important task upon its hands than to keep the Allied navies supplied with fuel oil until such time as the submarine is overcome. Confidence is expressed here that this duty can be fulfilled. But the gravity of the case is appalling.

I am writing these things so that readers of the Tribune can realize just how serious is the prospect that confronts this country. Thanks to the over-enthusiastic reports that are put forth partly by the British to keep up the courage of their own people and partly by the busy press agents here, who are trying to appreciate the achievements of the government, the people do not realize the situation.

It is highly desirable that the truth should be known. Many down here in official position recognize the desirability. They blame the British directly for fighting the submarine situation through not publishing the figures for tonnage. Even departments of the government concerned

directly with fighting the submarine do not know what that tonnage is. They can only make guesses like the rest of us.

Another favorite suggestion which is being heard here now is that the newspapers tell the truth about the failure of Allied offensives in the West, so that the people may be brought to know the truth. A couple of government officials asked me to do this yesterday. Their belief was based upon a private report which I have seen. It is discredited, however, by judges of military movements.

The point is that a good many people here think that the public should be told the truth so as to be stirred to a realization of the seriousness of the task before them; but it is no one's job to bring out the truth. Secretary Lane recently started in to inform the nation. He announced the figures of submarine losses for a week. He was criticized for it. The British on the following day sent optimistic reports from London.

The truth is that some of the best informed and most thoughtful people here believe that Germany is winning the war with the submarine. They do not predict that she will win the war. Many things may happen in the months of slow and steady whittling down of the merchant shipping of the world before the sinking of each ship becomes a mortal blow to England and France. Ways may be found to resist the submarine or to restrict its activities before that time comes, but unless serious ways are found, or unless something totally unexpected in a military or diplomatic way happens, there is a strong possibility that the submarine will win the war.

### DIVORCE.

The divorce is a simple and painless operation with alimony attachment. It has become one of the most flourishing of American industries, and is produced at slight expense by showing a few confessions and fervent love letters.

The principal object of divorce is to separate husband from wife, or vice versa. Whenever the wife varies in her conduct, the husband is allowed to resume her maiden name and retain all of the diningroom furniture.

When a woman has married a plain drunk disguised as a pillar of the church, she is given a divorce which is cordially received by the community. But when a time she is found who has both eyes peeled for the little clove. A divorce which has just shaken off a six-day week is not to be desired by the future coffee bean or the popper's lounge.

Some people never secure a divorce but once, and could not be dragged up to the altar with hemlock rope, while others take one at every March term of the district court. In order to insure a divorce, the plaintiff is allowed all that is necessary to be engaged, an attorney and plead incompetency in a loud and exaggerated tone. It is not necessary to the plaintiff to brand of incompetency, which may range anywhere from refusing to make the beds to attacking the plaintiff with a pitchfork. If it were not for the

The plaintiff is allowed to remove her maiden name and retain all of the diningroom furniture.

Little, bob-tailed, incompetent, thousands of couples who have refused to speak to each other would be living together and carrying on as usual, instead of having been dissolved by mutual consent.

Alimony is a method of juggling the law so as to bring a monthly check out of the defendant, who probably was not in fault anywhere except in entering two or three other women without informing his first wife. The laws of this country are so arranged that a man never required to pay alimony. This causes contempt for law and also causes many detached husbands to go through bankruptcy and remove to South America, where sound, flat-soled wives are a drug on the market.

Cruel and inhuman treatment is a frequent cause of divorce, and is resorted to successfully by many. Many hands whose stomachs have been put on the retired list by inhuman cooking. The courts have ruled, to their profit, that a woman who enters into court an attack of chronic dyspepsia will be freed and no questions asked. The worst of tyrants was war against our own treacherous. Our country banner flies for freedom—that's always been our pride and boast; when we have a tyrant we tread him, and we know where it hurt the most. Yet tyranny was rank and raging, those later years, and still we dreamed; the worst of tyrants was war against our own treacherous. Our country banner flies for freedom—that's always been our pride and boast; when we have a tyrant we tread him, and we know where it hurt the most. Yet tyranny was rank and raging, those later years, and still we dreamed; the worst of tyrants was war against our own treacherous. Our country banner flies for freedom—that's always been our pride and boast; when we have a tyrant we tread him, and we know where it hurt the most. Yet tyranny was rank and raging, those later years, and still we dreamed; the worst of tyrants was war against our own treacherous.

## Rippling Rhymes

By Walt Mason.

### ALLIES.

Since war against our name is written, I'm mighty glad we have the chance to aid and comfort brave old Britain and to hand to dour France. For long I thanked the gods above us that we had peace—strife I shudder—and called at men who tried to shove us into the colorful cloak of war. But sometimes in the silly gloaming, when I sat by my bed's head, and thought of my handiwork coming, I thought of my handiwork coming. For principles we all should cherish the allied nations gave their best, and while our ships were being sunk, we were gloried over our treasure chest. Our country banner flies for freedom—that's always been our pride and boast; when we have a tyrant we tread him, and we know where it hurt the most. Yet tyranny was rank and raging, those later years, and still we dreamed; the worst of tyrants was war against our own treacherous. Our country banner flies for freedom—that's always been our pride and boast; when we have a tyrant we tread him, and we know where it hurt the most. Yet tyranny was rank and raging, those later years, and still we dreamed; the worst of tyrants was war against our own treacherous.

## Who's Who Among Garden Enemies

The following "Who's Who Among Garden Enemies" is prepared for the readers of The Courier by the National Emergency Food Garden Commission of Washington which is cooperating with this paper in a nation wide campaign for more food gardens and in a campaign to conserve the nation's food supply.

Anthracnose, "leaf spot" or "rust" attacking beans, tomatoes, celery and melons. Use Bordeaux mixture or summer-strength lime-sulphur or ammoniacal copper-carbonate to avoid stains on foliage of celery.

Aphis, or plant lice. Attacks peas, melons and so on. Use nicotine preparations or kerosene emulsion, at intervals of three or four days.

Asparagus Beetle. Use arsenate of lead on summer foliage; cut and burn all vines in late summer.

Blight, affecting cucumbers, potatoes and other things in various forms. Spray with Bordeaux frequently enough to keep all new growth covered. Dust with sulphur lead preparations.

Caterpillars. Various kinds attack cabbage, tomatoes, tobacco, and so on. Use arsenate of lead, partly green or heliothrips; or pick by hand.

Cutworms. Fat, ground worms, brown with dark stripes, cutting through the stems of many plants, especially when just up or newly set out. Trap under pieces of shingle or flat stones; or scatter about about toward nightfall a mash made of wheat bran, one teaspoonful of paris green or of white arsenate, one teaspoonful of a cheap molasses, mixed with enough water to make a mash.

Cucumber Beetle, yellow and black striped. Use tobacco dust. Pick by hand the first bugs in early morning.

Flea Beetle. A small hard shelled jumping beetle, which punctures leaves of tomatoes, potatoes and seedling plants. Use tobacco dust or kerosene emulsion on seedling plants; Bordeaux candle lead on tomatoes and potatoes.

Mealy Bug. A scale-like insect with cottony covering, attacking some flowers. It seldom appears in the vegetable garden. Use kerosene emulsion or apply alcohol with a small brush.

Potato Beetle. Use arsenate of lead or paris green. On egg-plants use lead only, and pick by hand.

Squash Bug, lively, flat black. Use tobacco dust, or pick by hand to get rid of old bugs and eggs; use kerosene emulsion or nicotine sulphate for the young ones.

White Fly. Attacks tomatoes, vine crops and some flowers. Use tobacco dust, spray with kerosene emulsion.

## HOOPER & LONG'S

The double-service tooth paste.

Appreciations from dentists who have personally proven Senreco.

Names on request.

I am using Senreco myself. Gums have improved wonderfully.

I find Senreco a great help in my work.

I find twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.

I find Senreco very beneficial.

I am using your excellent tooth paste in my home and other members of my family have given up their old-time favorites for Senreco.

Am well pleased with Senreco—as are my patients.

Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

## SCOTSDALE FLAG DAY CELEBRATION IS A BIG SUCCESS

Continued from Page One

"Liberty," and read on a float near the head of the parade. Other floats were those of the Knights of Columbus, the Boy Scouts and W. C. T. U.

Everson had her school children, bands and several other organizations in line.

About 50 automobiles made up the motor division.

At the park, Lieutenant Governor Frank B. McElain made a stirring speech. Miss Mary Armstrong, assisted by the school children, sang "The Star Spangled Banner" very creditably. The introductory services were in charge of Messrs. Alvin Sherburne, M. A. Hunter, James Keegan, James Bates, Wilfred S. McKee and C. F. Lewis. F. T. Beckman paid a tribute to the flag and Dr. C. McKee gave the history of Old Glory. Rev. G. W. Terhush offered prayer. After Lieutenant Governor McElain had completed his address he left at once for Brownsville where he spoke last night. His address was followed by one by Rev. J. T. McElroy after which all hands massed and played "The Star Spangled Banner."

Lieutenant Governor McElain was the guest of J. P. Brownson while in Scotland.

The town was gaily decorated and all business houses and manufacturing plants closed, some for the parade only and others for the entire afternoon.

**Wanted.**  
Boy, 15 or over for solicitor. The Goodwin Co., Conneltsville, Adv.—12-5t.

**Pitt Graduate in Army.**  
When the commencement exercises were held at the University of Pittsburgh on Wednesday a vacant chair was set for every member of the class in the military service. One of these chairs belonged to a Scottdale boy, Vincent R. Smith, son of Mr. and Mrs. J. R. Smith of this place. Vincent Smith graduated as a Bachelor of Law. He is now at the Reserve Officers' training camp at Fort Niagara, N. Y.

**New Red Cross Unit.**  
Mrs. Fred Brown organized a Red Cross unit at the Lutheran church, making the second new unit organized this week.

**Wanted.**  
Laborers at Sautery Chemical Manufacturing Company. See James Horne at old Scottdale Brewery—Adv.—14-5t.

**Charles Slager.**  
Charles Slager, aged 67 years, died Wednesday night at the Memorial hospital in Mount Pleasant. The body was brought to Scottdale and was taken to his downtown home. Funeral services will be held this afternoon and interment will follow in the Scottdale cemetery.

**Let's New Funeral Car.**  
William Ferguson, the funeral director, has received a new Rock This funeral car. The car has been ordered since last summer and being unable to have it shipped, Barney Fretts and George Ferguson drove the car through from the factory.

**For Rent.**  
Five room house with bath and heater, on Broadway. Call Bell phone, 125-R—Adv.—12-15-16.

**Notes.**  
Pauline Kessler has gone to Wood-dale to visit friends.  
Mrs. Homer Baker of Youngwood visited friends here yesterday.  
James Mellon of Manor was calling on old friends here yesterday.

## JAPAN TO MAKE DYES

And Ship Them to America From His Plant Recently Taken Over by the Imperial Government of Japan.

It is present pans material and it is the war, in so far as America is concerned, develops to any proportions, the Japanese, who are adepts at copying methods of other countries and of working out details, will be supplying America with large quantities of dye-stuffs and thus supplanting the former trade of the Germans.

So Dr. Alvin Hirsch, consulting chemical engineer to the Japan Dye-sold to have started Japan's dye-stuff manufacturing company, and said to have started Japan's dye-stuff industry told members of the Pittsburgh section of the American Chemical Society in his talk on "Some Phases of the Development of the American Dye-stuff Industry" at their meeting in Pittsburgh Thursday night.

Already Japan has begun to ship small lots of dye-stuffs to America. Dr. Hirsch declared, while at the same time they are practically supplying the demand in China and other Asiatic countries. And they are doing this in spite of the fact that most of their raw materials come from foreign countries, he said.

A plant erected at the cost of \$1,000,000 for the manufacture of products of this sort and over-subscribed 400 times by the Japanese capitalists, met with such immediate success that it was taken over by the government, he said. Artificial indigo is their chief product and is being used extensively in their own country. The concern is made up of 35 or 40 plants and occupies as many acres.

Because of the war and the consequent interruption of dye-stuffs from Germany, America has been given an opportunity for experiments. Of the dye-stuffs originally produced for the world Germany controlled 75 per cent, Switzerland 20 per cent, and the remaining 5 per cent was scattered among the other nations.

## Resinol the tested skin-treatment

If you want to experiment on your skin, there are plenty of treatments to experiment with. But if you want something whose value has been proved by years and years of successful use, if you want a treatment that doctors prescribe constantly, that you know contains nothing harsh or injurious, you will find it in Resinol. Resinol is a skin treatment that is equally effective in treating all types of skin. Resinol is sold by all druggists.

### Vanderbilt.

VANDERBILT, June 15.—The H. B. club met at the home of Miss Sado Cleland Thursday evening. After a business meeting a social time was spent. Refreshments were served by the hostess. The members present were Misses Lilburn Reed, Marie Mundorf, Brenda Wright, Henrietta Galle, Hazel Edwards, Belle Cleland, Ardis Edwards, Carriana Bailey and Lister Cosgrove. The guests present were Misses Mary Belle Galle, Opal Gilmore and Alice Knight. The next meeting will be at the home of Miss Ardis Edwards.

The Ladies Aid society of the Methodist Episcopal church will be entertained at a 10 cent lunch at the home of Mrs. J. B. Henderson on Saturday afternoon, June 16.

Allen Downs of East Liberty, W. B. Downs of Dunbar township, J. E. Rittenhouse of Franklin township and T. Scott Dunn of Conneltsville attended a meeting of the Franklin County company at its rooms in the First National bank building.

Frank Burdick was a business caller in Mount Pleasant yesterday.

Mrs. William Barry and son Dick, are visiting the former's parents, Mr. and Mrs. William Hartwick.

Mrs. Blanche Thompson of Conneltsville visited her parents, Mr. and Mrs. L. L. Collins recently.

Mrs. J. W. Madigan, Miss Lisle Edwards, A. C. Sherrard were callers in Conneltsville yesterday.

Hugh Lyle of Conneltsville was a caller here Thursday.

L. L. Collins attended the funeral of Nell Long at Conneltsville yesterday.

Patronize those who advertise.

### Smithfield.

SMITHFIELD, June 15.—Fifty members of Gullatin Lodge No. 517 I. O. O. F., and 20 D. of R., escorted by the Gullatin Band, marched to the cemetery here Tuesday evening and decorated the graves of the departed members in compliance with a recommendation of the Sovereign Grand Lodge of the order. After the services at the cemetery they repaired to the Baptist church where the services were concluded by a fine address by E. E. Young, a member of the Point Marion lodge. The meeting at the church was opened by a selection by the choir, with the invocation by Rev. Ralph Bell, closing with the benediction by Rev. Paul Elliott.

Mr. and Mrs. Lee Crow of Anderson Cross Roads and Mrs. William Gray of New Geneva, called on relatives here on their return from Uniontown Wednesday evening.

F. J. Worth of Pittsburgh was a business visitor here Thursday.

Less than a month ago we paid 25 cents a pound for lettuce, now we have lettuce to burn of our own growing and cannot give it away. We are ready to be advised how to dispose of it.

Mrs. G. A. Feather and son Ray are visiting relatives at Smithfield and Braddock.

Russell Jenkins is quarantined in his home with measles.

T. R. Lynch and family returned to their home at Fairbank from a week spent in camp in Clinton county.

### Dickerson Run.

DICKERSON RUN, June 15.—A. W. Nicholson of Mill Run was circulating among friends here Wednesday.

Mrs. Joseph Snyder was shopping and calling on friends in Pittsburgh yesterday.

J. C. Bently of Vanderbilt was a business caller in Conneltsville yesterday.

Mrs. John Anderson has returned to her home at Albany, N. Y., after a week's visit here with relatives.

Miss Jessie, daughter of Mr. and Mrs. E. J. Bently, who has been confined to her home for the last two weeks, is improving.

T. B. Byers of Liberty was a Dawson business caller yesterday.

Mrs. Robert Cochran of Dawson was calling on friends here yesterday evening.

Charles Shearer has returned to his home at Glassport after a visit here with his brother, J. D. Shearer.

Mrs. W. C. Duibin was shopping in Conneltsville yesterday.

A. C. Sherrard of Dunbar township was a Dawson business caller yesterday.

### Deaths Recorded.

Springfield township—25 acres of land; Frank A. Butler to William F. May, April 7, 1917, \$1,000.

## A NEW ERA IN THE COAL INDUSTRY IS BEING USHERED IN

Is the Belief of Those Who are In Touch With Newest Developments.

### THE LAKE POOLING PLAN

Presents a New Order of Things in the Handling of Coal. It Is Thought Promises to Bring Decided Relief From Burdensome Trade Conditions.

The adoption of the Lake coal pooling arrangement, other measures by the Council of National Defense and the cooperation between the railroads to expedite the movement of coal, are developments which indicate to thoughtful men in the fueling industry that a new era is being ushered in.

The view coal men themselves take of the situation is well set forth in an address of C. K. Moriarty, sales agent of the Cabot Creek Consolidated Coal company, as quoted by the Coal Trade Journal. "The signs are beginning to point to a closer and more intelligent cooperation between the railroads," says Mr. Moriarty, "with the correction of some antiquated methods and abuses of long standing."

Instancing the case of railroads loading each other's motive power to relieve congestion of cars, the speaker said: "And let me assure you, my friends, that the coal shippers and distributors have not been backward in doing their full share toward making possible the delivery of an adequate supply of coal to all sections of the country. A most splendid example of patriotic co-operation on their part was evidenced in Washington a few weeks ago, when, in conjunction with the coal committee and the railway committee of the Council of National Defense, they agreed and lent their earnest endeavor toward the formation and perfection of a plan which will become effective on June 1st for pooling shipments of lake coal at the Great Lake landing ports."

"Whereas heretofore the grand total of individual consignee numbers exceeded 800 (various grades from various districts having in the past been assigned to certain consignees under separate numbers) under the new plan these numbers will have been reduced to approximately 100. An exchange of consignee books will be established at Cleveland under the direction of F. C. Daird, of the Desermer & Lake Erie railroad, which will supervise the pooling and handling of all lake shipments."

"There will thus have been effected an immense saving in detention of equipment and of time and expense in the switching and sorting heretofore necessary, and a corresponding quicker dispatch of boats, and the great empire of the Northwest, which is today menaced with a fuel shortage of tremendous proportions, will be supplied with the coal necessary for the operation of its railroads, in the transportation of its crops and products and the sustenance of its people."

ple; and incidentally, our interior territory will feel the benefit of the saving thus gained in the use of equipment employed in the lake trade.

The average detention per car at the loading docks last season was three and one-half days. Under the new plan railroads experts have calculated that this average will be reduced to two days or less, and that, figuring as a minimum an increase in movement of one round-trip per car on fifty odd thousand cars with the season, an added carrying capacity of two and one-half million tons will have been gained, or over ten per cent. of the total yearly fuel requirements of the northwestern territory obtained via the Great Lakes.

"In agreeing to the adoption and furthering by their earnest co-operation the perfection of this plan, the coal men of the country engaged in the lake trade, both shippers and buyers, be it said to their everlasting credit have been willing to sacrifice the advantage they have heretofore gained through many years of costly competitive endeavor in building a trade reputation for the particular grade or quality of their product, and this innovation is but another evidence that American genius and American patriotism can be relied upon to cope with any question of national or public need in every great crisis."

### FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of ointment—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength ointment as this is the prescription sold under guarantee of money back if it fails to remove freckles.

### A BIG ELECTRIC

First Locomotive Designed for Mountain Service on the P. T. R.

The motive power department of the Pennsylvania railroad has just completed the construction at its Altoona shops of the first of a number of electric locomotives to be used on the mountain division, between Altoona and Conemaugh when the electrification of that section of the line now in progress shall have been completed.

It measures 75 feet 6 1/2 inches over all, weighs 240 tons, will develop a maximum of 4,800 horsepower and have a tractive force of 87,200 pounds. It can be operated in either direction and at a speed ranging from 19.7 to 20.6 miles per hour over the heaviest gradients.

Coke Scarce in the South. The supply of coke in the Birmingham is reported very scarce.

## LITTLE TALKS ON THRIFT

By S. W. STRAUS  
President American Society for Thrift

well be applied to American life at the present time. Lack of a proper understanding of thrift has been responsible for a great deal of harm in America this spring and summer.

This has been due to false economy, but people are rapidly getting around to the viewpoint that hoarding and indiscriminate parsimony are a long way from real thrift.

What we all must learn is to eliminate waste. There is a great deal of difference between waste and sensible spending. The most reprehensible form of waste, of course, at the present time is in the matter of food. Secretary Houston has said that if only a single ounce of edible food, on the average, is allowed to spoil or be thrown away in each of our 20,000,000 homes over 1,300,000 pounds of material would be wasted each day. This would be at the rate of 464,000,000 pounds of food a year. Think of the millions of acres of land and the thousands of people necessary to produce this vast amount of food!

It would be a very good idea for every American home today to adopt the slogan, "Save an ounce of food a day."

This is a little thing to do. It really requires no amount of self-sacrifice.

On the other hand, we have all been eating a little too much. Cutting down our rations a trifle will be good for our health.

"Save an ounce of food a day." Let every American home do this and we will have gone a long way toward the solution of our food problem.

At this time of the year every household should take advantage of the fact that vegetables constitute a comparatively cheap food.

In soup particularly it should not be forgotten that vegetables are necessary for keeping the body in health, because they are rich in vitamins, mineral matter and mild vegetable acid, and contain recently discovered substances without which the body processes seem not to be carried on properly.

Since soups offer an excellent way of utilizing odds and ends of vegetables, and especially left overs and parts which otherwise would be wasted, the use of vegetable soup is often a real economy.

# JUNE MONEY SAVING

### RHEUMATISM

Physician Believes a Genuine Remedy for the Disease Has Been Found.

Rheuma, the wonderful rheumatism remedy sold by A. A. Clarke and all druggists, gives quicker and more lasting relief than other remedies costing many times as much.

Rheuma passes the deadly poisonous secretions into the bowels and kidneys, from which they are quickly thrown off in a natural, healthy way.

Read what a reputable physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma, and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."

—Dr. Lyons.  
This should give any sufferer from rheumatism confidence to try Rheuma. —Adv.

PETEY DINK—It Probably Killed Some on the Way, Too

# THE U.S. RED CROSS

Wife of One Time Minister to Belgium Serves With Zest.

## ON MRS. WILSON'S COMMITTEE

Mrs. Anderson, Aided by Great Wealth, Social Popularity and Many Friends, is Zealously Aiding Red Cross Work on the Local Committee.

One of the most interested of Red Cross workers is Mrs. Lutz Anderson, wife of the one time United States minister to Belgium, who is serving with Mrs. Woodrow Wilson on the local Red Cross committee in the District of Columbia. Mrs. Anderson is one of the richest women in Washington, her grandfather having left her a fortune of \$17,000,000. An only daughter of the famous commander, G. H. Perkins, who was with

MRS. LUTZ ANDERSON.

Farragut in the great fight of Mobile Bay, Mrs. Anderson comes of distinguished ancestry. Her marriage united her to another distinguished family, Lutz Anderson being the nephew of General Anderson of Fort Sumter fame. The Anderson estate at Brookline, Mass., with its magnificent vistas, its spacious halls and brilliant Italian gardens, forms one of the most imposing homes to be found anywhere. Two million dollars were spent on the buildings and grounds, and the Cupola fountain standing on the site of the original Anderson homestead is world famous for its artistic beauty. The house and garden, with the howling green between, crown a high hill which on all sides falls away sharply.

Not only has Mrs. Anderson become famous for her charitable work and her interest in the welfare of the poor, but she has made her mark in the literary world.

She is devoted to children and takes more pleasure in providing pleasure for them than in planning splendid fetes for the famous. Her most ambitious literary effort, a book of fairy tales and other stories, published several years ago and dedicated "with much love" to her husband, is the result of her careful study of how to amuse children and at the same time to instruct them.

Mr. Anderson, who was a captain of volunteers in the Spanish war, has served as secretary to the American embassies at London and Rome. He was appointed minister to Belgium in August, 1911.

## SKIRT HEMS.

How to Make Them Without Puckers or Scallops.

Home dressmakers frequently find it difficult to put in the hem of a woven rock smoothly. This can be done with little trouble by means of shrinking. Place a damp cloth over the hem and press from the lower edge of the skirt toward the top. All the extra fullness can be entirely shrunk out, providing the hem is not too wide.

This method does away with small plaits usually found in a hem, the lines of which are almost sure to show on the outside of the skirt when the hem is pressed.

In finishing the edge of the hem do not turn the cloth in. Baste the raw edge flat to the other part of the skirt and over this edge lay a flat piece of seam binding. Sew the edge that does not go through the right side with silk or cotton thread, but the top edge should be sewed with a thread of the fabric drawn from a lengthwise piece of the material, not crosswise.

Sewing or hemming with a thread of the material is a little secret that even few dressmakers know of, and its practice will give the most satisfactory results.

This method makes the stitches as invisible as the weave of the cloth and should be used in every part of the suit or dress where invisible sewing is desired. Of course some fabrics will not permit of the sewing of the threads, but wherever possible this method should be tried out.

## Preparedness on the Farm.

Every farmer ought to believe in preparedness, says Farm and Fireside, the kind of preparedness that provides tested rather than guessed seed corn; that sees that all farm machinery is carefully looked over and the badly worn or broken parts replaced before the beginning of the rush season; that makes ready a supply of bolts and taps, extra tap rings and clevises, slinkettes and at least one extra pair of doubletires. Man labor and horse labor are too expensive and time too precious to take chances of risks which might easily be avoided.

## A Regiment.

In military terms a "squad" is part of a company. A captain commands a company, and he has under him a first lieutenant and a second lieutenant. A major commands a battalion, which is made up of four companies. A regiment is commanded by a colonel, and it comprises three battalions, so that a regiment is made up of twelve companies.

## YOUR ROSEBUSHES.

From Buds to Broken Roots Here is Sound Advice. Prepared by the U. S. Department of Agriculture.

IN planting dormant bushes it is desirable to trim the ends of broken roots and any that are too long just before they are put into the hole, so that there will be smooth, fresh surfaces which can callous and heal over. It is usual to have this fresh cut surface on the under side of the root. The hole in which the bush is to be planted should be several inches larger across than the roots will extend and ample depth, with a little loose earth on the bottom. The roots should be separated well in all directions, with the soil well worked in among them, separating them into layers, each of which should be spread out like the fingers of the hand. When the hole is partially full the plant should be shaken up and down so as to make sure it is in close contact with the soil under the crown where the roots branch. When the roots are well covered the soil should be firmed. This is best done by tramping. If the soil is in proper condition tramping cannot injure the plants. This will leave a depression about them, but all the roots will be covered.

When all are planted each one may be watered, although this usually is not necessary, especially if the roots have been puddled before planting. If water is applied permit it to soak in about the roots and then fill the hole with dry earth. Do not tramp after watering. With the soil wet it would be injurious to compact it more. If not watered the depression should be filled with loose earth, the same as though it had been watered. After planting, no watering should be done unless very dry weather follows, and even then care must be exercised not to overdo it (it) after growth starts. In watering it is desirable to draw away some earth from about the bush, apply the water and after it has soaked in draw dry earth about the plant again.

## SUMMER BEAUTY.

Could Youth Be Garbed More Charmingly Than This? White tulleor handseemly figured and cut with a smart little vest in a shade to harmonize with the predominant color.

THE LATEST MODE.

or in the figure gives us this bench suit. The feature is the double belt, one buckled inside the coat revers and one buckled outside, confining them tightly.

Strategy. Penelope—Lieutenant Higgins seems to be rather attentive to Miss Edgerly of late. Captain Jones—Yes, and she is evidently scheming round trying to precipitate an engagement. London Stray Stories.

## MRS. BRIDGES WAS "PERSUADED" TO TRY NERV-WORTH

Now She Enthusiastically Recommends the Tonic to Others.

This recently given signed statement is well worth re-reading: Connellsville Drug Co.—I have to say something in favor of the new nerve tonic you're selling, called Nerv-Worth. I have suffered for some time with dizzy spells, bloating, constipation, sleepless nights and in fact I was all out of sorts and very nervous.

I was persuaded to try Nerv-Worth for my troubles and I have taken about a bottle and my troubles are leaving me. Nerv-Worth certainly hits the spot. I recommend Nerv-Worth.

MRS. M. J. BRIDGES. Your dollar back at the Connellsville Drug Co.'s store if Nerv-Worth does not give you the same kind of benefit it conferred upon Mrs. Bridges. Ask there for the new Nerv-Worth Laxative Tablets. 25 cents a box. Wonderfully good for stomach, liver and bowels, especially in connection with Nerv-Worth tonic. Nerv-Worth is sold in Scotland by the Broadway Drug Store; in Brownsville at W. I. Lewis' Drug Store.—Adv.

## REALISTIC STAGECRAFT.

The Electric Light is Responsible For Many Innovations.

The introduction of electric light was, of course, responsible for greater innovations in the art of stage decoration than any other one thing. It was now possible to light up equally well any portion of the stage, and so the "spot" was dispensed with and the picture frame proscenium introduced.

The cry for realism which Ibsen's dramas had aroused was now taken up by the scene builders with enthusiastic vigor, and "nature" was reproduced in every material detail. "We must show life exactly as it is," became their motto.

These changes naturally also had an effect upon the actors themselves and upon what they said. Formerly the actors were continually conscious of the presence of the audience, and to a considerable degree addressed it directly. Now they could interpret the story on the stage, entirely ignoring, apparently, the presence of the audience.

This change in the conception of the play as a whole, as being made up not alone of dialogue and recitation, but also of action and pictorial representation, has had a very far-reaching effect on our present day conception of the drama.—Review of Reviews.

## ICE MINT

Rub a little soothing, cooling Ice Mint on those poor, tired, swollen, burning feet. Ah, how cool, easy and comfortable it makes them feel. Instantly eases and painful callouses stop hurting and you will want to dance for joy. No foolishness. Ice Mint will shield up any corn whether hard, soft or between the toes so that it can be lifted out easily with the fingers. There is no pain and not one bit of soreness when applying Ice Mint or afterwards and it doesn't even irritate the surrounding skin. Try it. Just ask in any drug store for a small jar of Ice Mint and end your foot troubles for good. It costs little and acts so quickly and gently it seems like magic. You'll say so yourself.

## HOW TO PRACTISE ECONOMY IN USE OF SHOES AND LEATHER

War Will Require Latter in Many Forms and Vast Quantities.

### TAKING CARE OF SHOES

Life and usefulness may be prolonged by a little attention at the proper time. Observation of the same principles makes them more durable.

WASHINGTON, June 15.—War demands leather—leather for soldiers' shoes, leather for harness, leather for equipment of many kinds. In this country there is no such surplus that we can afford to waste any of it; and it is wasting leather to care for and preserve it properly. In the army and out, we all wear shoes. If we manage them rightly they will last longer, we will not need so many new ones and there will be more left for others. The following suggestions from the Leather and Rubber Laboratory of the United States Department of Agriculture can be utilized by everyone who walks.

Shoes should be oiled or greased whenever the leather begins to get hard or dry. They should be brushed thoroughly and then all the dirt and mud that remains washed off with warm water, the excess water being taken off with a dry cloth. While the shoes are still wet and warm apply the oil or grease with a swab of wool or flannel. It is best to have the oil or grease about as warm as the hand can bear and it should be rubbed well into the leather, preferably with the palm. If necessary, the oil can be applied to dry leather, but it penetrates better when the latter is wet. After treatment the shoes should be left to dry in a place that is warm, not hot.

Castor oil is satisfactory for shoes that are to be polished; for plainer footgear neatfoot, fish oil or oleum may be substituted. If it is desired to make the shoes and boots more waterproof, beef tallow may be applied to any of these substances at the rate of half a pound of tallow to a pint of oil. The edge of the sole and the welt should be greased thoroughly. Too much grease can not be applied to these parts.

A simple method of making the soles more durable, pliable and water resistant is to swab them occasionally with luscious oil, setting them aside to dry over night.

Many of the common shoe polishes are harmful to leather. All those which contain sulphuric, hydrochloric, or oxalic acids, turpentine, benzene, or other volatile solvents, have a tendency to harden the leather and make it more liable to crack.

It is poor economy, too, to wear a shoe with the heel badly worn on one side. This throws the shoe out of shape and may soon result in its ruin. It is also likely to cause temporary injury to the foot.

Hatness leather, like shoes, can not be neglected without injury that lessens its durability. It should be washed and dried frequently. The washing should be done in tepid water, with a neutral soap and a sponge or stiff brush. After rinsing in clean tepid water, the harness is hung up to drain a little while before oiling.

For driving harness neatfoot or castor oil is best, but for heavy harness there may be some tallow in the oil. The applications should be light for driving and liberal for heavy harness. The oil, warm to the hand, is rubbed thoroughly into the leather while it is still wet from the washing. Excess oil which the leather is unable to take up should be removed with a clean, dry cloth.

### Pennsville.

PENNSVILLE, June 15.—William Nicklow moved Monday from the West Side to the property lately purchased from the J. F. Miller heirs.

Mrs. L. L. Richey and daughter, Gertrude, spent a few days this week visiting Mrs. Richey's parents, Mr. and Mrs. Nicholas Sanner at Indiana Head.

The Win One class of the Mount Olive United Brethren church, will hold a large sale on the church lawn Saturday evening, June 16. Proceeds for the piano fund.

The Women's Loyal Workers' class of the Mount Olive United Brethren Sunday school held its monthly meeting at the home of Mrs. James Ward at Murphy's Sliding Wednesday afternoon. Officers for the ensuing year were elected. It being the birthday of the hostess, the members of the class gave her a handkerchief shower.

The first bricks were laid on the Pennsville-to-Iron-bridge road, on Thursday morning. This road is now closed.

### Ohioville.

OHIOVILLE, June 15.—Miss Frances Thorpe spent yesterday shopping and calling on Connelville friends.

Miss Charlotte Felton, who has been visiting in Pittsburgh for the past few weeks, has returned to her home here.

Rev. Bracken of Confluence, will give a lecture in the Methodist Episcopal church here on June 21.

Louise Welch of Wellsburg, W. Va., is spending a few days here with friends.

Mrs. Leonard Herschberger and daughter Mildred, were Connelville shoppers yesterday.

Harvey Cleveland returned to Wellsburg yesterday after a short visit here.

Mrs. Roger Welch and daughter, Eleanor of Wellsburg, W. Va., arrived here Wednesday evening and will spend a few weeks with relatives.

Alex Johnson of Hazlewood, was calling on relatives here yesterday.

Children's day services will be held in the Baptist church here Sunday.

## Fiction Greatest Demand At Carnegie Free Library

The circulation of fiction in the Carnegie library here is overwhelmingly greater than the circulation of any other class of books. Just 29,820 books of fiction were loaned during the year ending April 30, 29,390 from the adult department and 9,130 from the children's department. The nearest class to the fiction was literature, with a circulation of 11,023. Literature is evidently much more popular among the children, who took out 5,753 books under this classification, than among the grown-ups, who borrowed but 1,670. The total circulation of the year was 66,729, with the children taking out 28,189 books, as compared with the adults' 27,540.

The complete report of circulation by classes, as listed by Miss Margaret St. Whitman, librarian, follows:

Adult—General works, 26; philosophy, 337; religion, 313; sociology, 1,402; folklore, 9; philology, 48; natural science, 727; useful arts, 696; fine arts, 412; literature, 1,670; travel, 332; history, 876; biography, 467; fiction, 29,390. Total, 27,540.

Juvenile—General works, 5; philosophy, 5; religion, 352; sociology, 161; folklore, 2,700; philology, 0; natural science, 751; useful arts, 345; fine arts, 278; literature, 9,768; travel, 1,469; history, 1,091; biography, 947; fiction, 9,130. Total, 28,189.

Totals—General works, 23; philosophy, 312; religion, 665; sociology, 1,561; folklore, 2,700; philology, 18; natural science, 1,481; useful arts, 1,041; fine arts, 690; literature, 11,453; travel, 1,851; history, 2,087; biography, 1,114; fiction, 29,820. Grand total, 66,729.

The library was open 367 days during the year. The largest daily circulation was 121, on March 10, 1917, and the smallest daily circulation, 46, on August 22, 1916.

The average daily circulation was 181. The largest monthly circulation, 6,826, was in March, 1917, and the smallest monthly circulation, 2,866, in June, 1916. The average monthly circulation was 4,644.

## NEW RECORD BY RAILROADS

Of the Pittsburgh District When Gross Revenue Increase \$5,174,451 Over the Month of April.

Reports of the railroads that serve the Pittsburgh district show that business reached a record-breaking volume in April. Aggregate gross revenues for the month reached a new maximum and with additional equipment the roads could have increased their tonnage.

Gross revenues of the Pennsylvania, the Baltimore & Ohio, and the Pittsburgh & Lake Erie railroads for April total \$51,529,572, or \$5,174,451 more than for the corresponding period of 1916, when many authorities expressed the belief that the peak had been reached.

The same system for the first four months of the year report combined gross revenues of \$191,656,602, an increase of \$11,181,139 over the total for the same months last year.

While the freight of these systems does not all originate in this district, Pittsburgh tonnage centers, and business fluctuates with the earnings of its transportation system.

The increase in the tonnage offered the railroads has been more rapid than the growth of their facilities for handling freight. The railroads of the United States have made a special effort to mobilize equipment and obtain new cars and locomotives to handle increased business. Since January 1 they have placed orders aggregating \$321,000,000. They have spent \$113,000,000 for cars and \$125,000,000 for locomotives.

Orders have been placed for \$50,000,000 worth of rails and a heavy tonnage of structural steel.

The making of this equipment will cause a draft upon the steel mills for 2,618,000 tons of steel. The equipment orders will increase the tonnage of this district and give thousands of men employment at prevailing high wages. A large percentage of the cars and the big tonnage of rails will be turned out in Pittsburgh district shops and mills.

Part of the locomotives and most of the structural steel will be made there.

In their efforts to increase their facilities the railroads are dumping important orders into the Pittsburgh district and the filling of these orders is in turn creating additional tonnage.

While business is still handicapped to a certain extent by car shortage in various sections the situation is better than a few months ago. Coal, iron, steel and tonnage of a general character have steadily increased, but the railroads are inaugurating new systems which result in more efficient service and extend the use of the equipment at their command.

## PRODUCTION OF PIG IRON GAINED SLIGHTLY IN MAY

But Daily Average Output Was Smaller Than in Previous Year.

### COKE AND LABOR SUPPLY

Shortages Were The Principal Cause of the Shrinkage; Next to April May's Average Was the Largest in Any Month of the Present Year.

Total coke and anthracite pig iron production in May increased over April, yet the average daily rate of production last month fell below that of the preceding month, says the Cleveland Daily Iron Trade. In May with one more working day than April, 3,111,898 tons of pig iron were produced, compared with 3,328,951 tons in April, a gain of 25,337 tons.

The decline in average daily production was due in part to a shortage of coke in the Pennsylvania district and to labor trouble in Ohio. The daily average production for May was 110,153 tons, and for April, 110,936, a loss of 778 tons. With the exception of April, however, the May daily average is the largest recorded in any month this year.

Steel works, or nonmerchant furnaces in May produced 2,432,294 tons, a gain of 42,487 tons over April, with a total of 2,357,507 tons. Merchant furnaces gained 37,557 tons, the May figure being 945,529 tons and April 905,972 tons. The nonmerchant furnaces produced 78,461 tons daily in May, compared with 79,461 tons in April, a loss of 966 tons, while the merchant furnaces gained 237 tons daily, the average for May being 30,436 tons, compared with 30,199 tons in April.

Eight merchant furnaces were blown in during the month, and six were blown out, a net gain of two. Eight steel works furnaces were blown in and five blown out, a net gain of three. There were 340 furnaces in blast on the last day of the month, compared with 335 on April 30. The number of active stacks is now the largest since June, 1907.

Spiegel production in May showed a gain of 1,498 tons, 16,510 tons of spiegel being produced in May, compared with 15,012 tons in April. The ferro production in May amounted to 23,550 tons, a loss of 1,705 tons compared with the April total of 24,255 tons.

The same system for the first four months of the year report combined gross revenues of \$191,656,602, an increase of \$11,181,139 over the total for the same months last year.

## Big, Soft, Spongy Heaps of Good Bath Towels

The order for this wonderful stock was placed last November. In the meantime, towels of the same grades have advanced 15 to 20 per cent. In that way these are at a saving.

Prices begin at 12 1/2c each for a full-bleached Turkish Towel and go up to \$1.25 each for fine, soft, luxurious weaves.

Some excellent grades between these include Turkish towels, size 22x44 with hemmed ends at 25c each; others, size 22x44, with hemmed ends, at 35c each.  
At 50c each we have soft bath towels of excellent grade, both plain white and with colored borders. And at 65c each, soft, full bleached towels with hemmed ends.

## Two Summer Silks \$1.50 a Yard

—35 inch all-silk taffeta in new lovely shades and also plenty of navy blue, which is so hard to procure. A very good quality at \$1.50 a yard.  
—38 inch all silk crepe de chine in the pretty light or dark colors at \$1.50 a yard.

## Women's Knit Underwear

## In Weights for Warm Days

# NEWSY NOTES TELL WHAT'S HAPPENING IN MT. PLEASANT

1917 Class Day Exercises in Opera House Last Night Are Very Interesting.

## INTERESTING FEATURES

Class Prophecy Given in Unique Manner by Students Who Portray a Meeting of Two High School Graduates in a Restaurant in 1922! Notes

Special to The Courier.  
MOUNT PLEASANT, June 13.—The high school class of 1917 held its Class Day exercises in the Grand Opera house last evening. The program opened with music by the high school orchestra. The class song was then sung, and Eugene Goldsmith gave the president's address. Genevieve Mullin called the roll; Mary Gilley gave the juvenile history of the class; William Ramsey gave a recitation, "Old Ace." Theresa Sawyer gave the history of 1914 and 1916 and Anna House gave the history of 1918 and 1917. William Crawford was the optimist.

Mary Schwab and Charles Dolbe, in a scene set in a New York restaurant portraying a casual meeting of two old friends and classmates, dipped into 1922 and told of the events in the life of each member up to that time. Emily Rowe gave the class poem. Olive Miller was the censor. Adaline

Murtha made the class presentation; Grace Brown in Mother Goose Rhymes fitted every one of the class into a rhyme some place; Ada Bungard recited the "Crooked Mouth Family"; Elizabeth Bossart gave the class will; John Fox gave the banner oration of 1917, and Carl Ruder for 1918. Class songs closed the program.

W. S. Stohl.

W. S. Stohl, 53 years old, died yesterday at his home in Main street. Funeral Sunday afternoon, with interment in the Mount Pleasant cemetery.

## Runs Needle Into Hand.

Miss Schaeffer of Donegal, was the victim of a painful accident when she ran a needle, which was sticking in a door, into the palm of her left hand. When about three-fourths of an inch of the needle had gone into her hand it broke off. Yesterday she was admitted to the Memorial Hospital at Mount Pleasant, where the steel was removed.

## Recognition Exercises.

Recognition exercises for the 70 pupils out of the 418 enrolled in the Mount Pleasant school, who were present every day and not tardy during the school term, were held yesterday at the Church street school. The pretty exercises were held on the church lawn. The program was opened by the singing of "America," after which the salute to the flag was repeated by the pupils. This was followed by the Lord's Prayer. Miss Opel Berthel, principal of the Church street school, called the roll and each pupil as his or her name was called, went forward and was presented with a small flag as a favor, purchased by the teachers as a little gift of appreciation.

Wanted.

Box 15 or over for solicitor. The Goodwin Co., Connelville. Adv.—12-15.

## SERIES BEGIN TOMORROW

First of Three Games Between Glenwood and Locals at 8.30.

The Baltimore & Ohio baseball team will open a series of three games with the Glenwood team at Fayette field tomorrow afternoon, for the championship of the Connelville-Pittsburgh division. The game will begin at 3.30 o'clock.

The locals have been getting in shape for the game and expect to put up a stiff contest with the Glenwood team. There is only one team of railroaders here this season and the pick of the yards is in the lineup.

The battery for tomorrow will either be Cole and Jones or Cuncio and Stillwagon. Both these pairs are good and Glenwood will be up against a hard proposition when facing either Cole or Cuncio.

The railroaders are showing much interest in the series as the winner will play the winner of a series on another division, and the winner of those games the best team of another division until the best teams in the east and west are facing each other. The final game will be played in Washington, D. C., on August 1. A small admission will be charged at the game tomorrow afternoon in order to defray expenses.
